## Security Briefing

**Mark Dao**

**Program Security Representative  
Defense Advanced Research Projects Agency**

**03 March 2009**

# SECURITY OVERVIEW

**Security Oversight**

**Security Classification Guidance**

**Public Release**

**Questions**

# SECURITY OVERSIGHT

DARPA is responsible for the following:

- \* **Issuing the DD254 (Prime Contractors)**
  - **Prime contractors issue 254 for subcontractors**
- \* **The security oversight of the Mission Adaptive Rotor (MAR) program (ex: Security Class Guide, security incidents (24-hr notification), destruction of material, and program close-out)**

Defense Security Service (DSS) has security cognizance over contractor facilities (facilities, classified computer systems and personnel security clearances).

# SECURITY GUIDANCE

**All security guidance pertaining to the MAR effort are derived from DARPA Security Classification Guide.**

**-Purpose, Authority, and Classification  
Recommendations**

# PUBLIC RELEASE

**All information pertaining to the MAR program and all DARPA efforts must be approved by DARPA prior to public release  
(Please refer to the DD254, SCG and BAA for further guidance)**

## **Procedures:**

- Request submitted to DARPA**
- DARPA sends to Technical Information**

## **Technology Information Office (TIO) for approval**

- TIO approves/denies request**
- Contractor is informed of response**

# ADDITIONAL ITEMS

## Proposal packages are due to DARPA
